

Key Information Regarding Biology in Belize (BIO 321), Summer Session 2009

The travel course to Belize (BIO 321) is scheduled to take place as planned. Nevertheless, we continue to monitor the swine flu situation, and should circumstances change, we will work with college officials to determine how best to proceed. If there is a change of plans, we will post the information on this site and contact the students.

Our departure date is Tuesday, May 12; our return date is Wednesday, May 27. Exact flight details are below.

- **Instructors:**

- Dr. Michael C. Amspoker, Professor of Biology
