I recommend the above named student to Westminster's Dual Enrollment Program.

I do not recommend this student.

Printed Name of School Official: _____

Signature of School Official: _____

Title: _____ School Phone Number: _____

Through dual enrollment, high school juniors and seniors have the opportunity to complete college level courses on the Westminster campus. Admission into this program is restricted to high school junior and senior level students with a cumulative gpa of 3.0 or higher. Enrollment is limited to two courses (maximum of eight hours) per semester on a space available basis, and excludes developmental courses and courses for which necessary prerequisites have not been met. Those interested in dual enrollment should make arrangements with the appropriate secondary school officials and, in consultation with them, identify a course for study. They then make an appointment with the Associate Dean of Faculty in Westminster Hall. Tuition for the dual enrollment program is \$100 per credit hour. Information about dual enrollment is available from the Associate Dean of Faculty. Area high school students who complete at least 6 hours of dual enrollment courses through Westminster College qualify for a renewable \$1000 Dual Enrollment Award if they attend Westminster College as a full time freshman."
